## Application for online access to my medical record

You can set up an online account to request prescriptions and view your medical record by showing some identification to our reception team. You will be able to view information that was recorded on or after the date that your account was set up.

If you have set up an account and would like to view information recorded from the date that you registered with the practice (if you were registered with us before setting up your account) you can request this by completing this form.

Your request will be verified by a GP and can take up to 28 days. Please note that any access you already have will be switched off whilst your request is processed.
